HER MAJESTY, Queen Victoria, the Sovereign Ruler of the United Kingdom of Great Britain and Ireland, passed quietly away at Osborne Palace Tuesday evening at 6:30 o'clock, surrounded by her children and grand children. It was a day of great sorrow to the people of England, when the sad tidings were hurried from city to city, town to town and hill top to valley. "The Queen is dead." As a ruler and as a woman, she was dearly loved by all her subjects. She was generous and kind hearted, always ready to lend a helping hand to the suffering humanity of her domain. Under her reign, England has risen to be one of the greatest Nations on the globe. Commercially speaking, it is among the first and in defense second to none.

THE Louisville Times says: "The Commoner," Mr. Bryan's paper made its appearance at Lincoln, Neb., Wednesday. In his salutatory the editor defends the name of this paper against the charge that it is demagogic by pointing out that if "huius mundi" of 1900 years ago were worthy of specific mention in Scripture—"the common people heard him gladly"—it surely is not demagogic to stand as huius mundi's champion now. Mr. Bryan is always convincing in his illustrations, but we can't help recalling that it was about 300 years before "the common people" of Massalian days were allowed surcease from being served as luncheon for hungry lions in Rome. Must we of this day wait that long before the lions of plutocracy let us up?

THE report that the Southern railway is to build a line from Burgin, Ky., to Jellico may turn out to be a bluff. The 105 miles of new track would cost \$3,500,000. It is now announced that if the Southern railway gets a favorable lease of the Queen and Crescent line, which it now operates, the necessity of building the new link will be obviated. Negotiations are pending between President Spencer, of the Southern, and the trustees of the Cincinnati Southern for the lease of the latter line, and if the trustees come to President Spencer's terms the Burgin Jellico branch will not be built.—Louisville Times.

THE Cadets at West Point have finally awoken to a realization of the feelings of the better element of the people of the United States in regard to hazing, and decided to forever refrain from the brutal practice more. It is a wise decision on their part, for public sentiment said it must stop, and stop it would anyway, and they have simply taken the shorter route to the solution of a problem which had to be solved. One more step in the advancement of civilization.

THE Republican leaders in Kentucky, with Bradley and Combs on one side, and Deboe and Sapp on the other, are getting up a row among themselves as to who is the biggest: Republican in the State. Bradley and Deboe both want to be elected to the United States Senate when Deboe finishes drawing his salary, but we fail to see the reason for either one of them fooling way his time chasing shadows; Governor McCreary succeeds Deboe in the Senate.

THE POPPY is getting ready for his demise, which he said, he had no reason to believe would be delayed beyond this year.

## VICTORIA DEAD

KING EDWARD VII NOW RULER OF ENGLAND.

Takes Oath and Lets Privy Councilors Kiss His Hand

Cowes, Isle of Wight, Jan. 23.—Queen Victoria is dead and Edward VII. reigns.

The greatest event in the memory of this generation, the most stupendous change in existing conditions that could possibly be imagined, has taken place quietly, almost gently, upon the anniversary of the death of Queen Victoria's father, the Duke of Kent.

The end of this career, never equaled by any woman in the world's history, came in a simply furnished room in Osborne House.

This most respected of all women living or dead, lay in a great four-posted bed, and made a shrunken atom whose aged face and figure were a cruel mockery of the fair girl who in 1837 began to rule over England.

Around her were gathered almost every descendant of her line. Well within view of her dying eyes there hung a portrait of the Prince Consort. It was he who designed the room and every part of the Castle.

6:30 p.m. Tuesday brought an end to the successful reign of Queen Victoria, which lasted sixty-three years, seven months and one day. She belonged to the House of Hanover, who began their reign in 1714 with George I, son of Elector of Hanover, by Sophia, daughter of Elizabeth, daughter of James I. He ruled from 1714 until 1727, and was 67 years of age. The next

As brave as Col. Roosevelt may be, he must now confess, he turned his back on the enemy and hunted for taller timber. While out hunting a few days ago, a pack of hungry wolves determined to try the Col's pluck, and the Col. immediately took refuge in a tree, remaining there until relieved some hours later by his companions.

### Rheumatism.

Nobody knows all about it; and nothing, now known, will always cure it.

Doctors try Scott's Emulsion of Cod Liver Oil, when they think it is caused by imperfect digestion of food. You can do the same.

It may or may not be caused by the failure of stomach and bowels to do their work. If it is, you will cure it; if not, you will do no harm.

The way, to cure a disease is to stop its cause, and help the body get back to its habit of health.

When Scott's Emulsion of Cod Liver Oil does that, it cures; when it don't, it don't cure. It never does harm.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

Supervisors.—The board of supervisors met here again Wednesday, to hear any or such reasons why, parties whose land and personal property had been raised, should not remain so.

For carpentering, stone and brick work or hand-made coffins, all work guaranteed and done only by contract. Address, W. A. TYREE, Brodhead, Ky.

Some unknown person dropped a letter in the post office for us this week, which contained quite a number of good locals. This we appreciate and trust that will not be the last time. The only suggestion we have to make, is that you just bring them to the office or hand them to us any where you see us. We are always more than thankful to get such items.

DEAD.—Mr. Marsel E. Mullins died Tuesday night, at his home about one and a half mile East of here, of apoplexy. He was about sixty years of age, served this Magisterial district at one time as Justice of the Peace and was always regarded by those, who knew him, as an honest, upright, christion gentleman. He leaves a wife and seven children, four sons and three daughters, all of whom are grown.

TRouble CEASED.—The arrival of Col. Roger Williams with a company of eighty men and a gatting gun stopped for a while at any rate, the trouble in Corbin between the Whites and Shotwells. Three of the Shotwells were arrested and placed in the Williamsburg jail. The Whitley county grand jury which is in session now, will investigate the matter closely and in all probability will find indictments against members on both sides for murder.

E. C. Walton, of that good old Democratic paper, the Interior Journal, was with us this week. Ed is like "Rip" Van Winkle —has swore "off."

Our old friend Pete Reneker is on the run through here, "Pete" is one of the best of conductors, and traveling public may be assured of kind treatment, when on his run.

Some people think that a public officer should ferit out all infractions of the law, when it is simply impossible, from the fact that those who complain conceal the evidence in their possession. In the McWhorter case it was claimed that he had been struck with a stone, when the facts of the case are, that he stepped into a hole in the platform and sustained severe injuries.

"Doc." and the "Parson" went out calling this week,—everyone knows that the Parson is a fine singer (that is over the water,—on their return from their call they made the air ring with their melody, as they reached this side of the river they were met by a man who asked, who struck my dog? The Dr. answered saying, that was the Parson singing, when the man exclaimed, Oh! Hades.

J. E. "Cad" Singleton has just returned from a trip in Garrard and Madison counties and has left for Clay and Jackson. "Cad" is a hustler.

Miss Forbes has been very ill but is now much better.

Mr. John Bussie was in the city on business.

In your last issue of the Signal I notice the picture of C. C. Williams, also a statement that he was

"one of the ablest lawyers in Eastern Kentucky."

Now see here Ed, what is the matter with you?

Please come down to our city and

I will introduce you to Solomon T.

Sheep, who not only knows the

law, but can make law to suit any

case. Why it is that Mrs. W.

does not scold you for that picture

I can't see, you know Casper is a

fine looking gent (at least he

thinks so) and the picture does not

do him justice.

The demand for mules to go to South Africa is the cause of the boom, which also extends to the common horse market. It is an ill wind which blows nobody good, and Kentucky is willing to furnish Britishers with mules even if she does sympathize with the Boers.—Flemingsburg Times-Democrat.
